MEMORANDUM FOR: [REDACTED] Acting Chief, Finance Division 25X1A9a
FROM: [REDACTED] Office of Scientific Intelligence
SUBJECT: Outstanding Balance

1. In accordance with our discussions this date with the Deputy Director (Administration) and the General Counsel's Office concerning my escrow tender of 22 May 1953, I herewith specially endorse the [REDACTED] Cashier's Check No. 80550, to [REDACTED] making it fully negotiable and thereby constituting full and final payment of all my outstanding balances to CIA as of this date, since, I am told, it is not necessary to tender in escrow to tender under protest.

2. I would clearly emphasize, however, that this payment is absolutely tendered in full and formal protest since I have a claim, which has been pending for many months, which covers this sum and which, I would desire, to be unprejudiced in any way by this payment.

3. I would hope that my tender of this date, which constitutes a final evidence of good faith on my part, would augur toward a rapid determination of my own claims in this matter.
